- > View item in the Library Catalogue
- > Click here to access resource. Search for boiler and select a section.
- > **FIRST TIME USERS MUST INSTALL FILEOPEN PLUGIN. CLICK HERE TO DOWNLOAD.**
- > Click here to access User Guide.

5. If you get a note at the top (yellow bar), click **install ActiveX**, then on **Run** when the security warning box pops up.

FileOpen Plug-in for Adobe Acrobat/Reader

Installation:

Please use the FileOpen installer below to ensure that the FileOpen plug-in is installed correctly. The installer may need to alter your Acrobat settings to allow non-Adobe plug-ins to be installed and to close Acrobat if it is running. You must agree to allow these changes for the install process to complete successfully.

By clicking Install you agree to the [FileOpen Systems Client End User License Agreement](#). If you choose not to allow the signed ActiveX control to install and run or if the download dialog did not appear and the installer is not visible above, [please click here](#).

FileOpen Plug-in for Adobe Acrobat/Reader

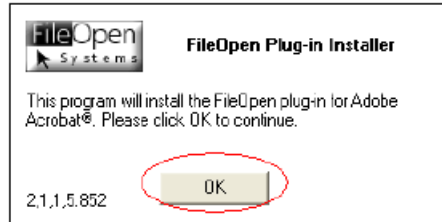

By clicking Install you agree to the [FileOpen Systems Client End User](#)

6. Click on OK in the FileOpen Plug-in Installer Box.
